

# MONSTERA

## Monstera Deliciosa

### About

Monstera deliciosa, also known as the delicious monster plant or swiss cheese plant. It is native to the tropical forests south of Mexico, and can grow up to 9m tall and produce fruit in warm climates, but also makes a lovely indoor tree.

### Care

**Light:** bright indirect light

**Temperature:** 20-30 C

**Water:** About once a week. Let soil dry out in between waterings.

### Pets

This plant can be toxic to cats and dogs if they eat it, so make sure to keep it out of reach!
