

Chamaedorea Elegans

NEANTHE PALM

About

Also known as good luck palms or parlor palms, neanthe are native to Mexico and Guatemala. In the wild it can grow up to 5m tall, and is so resilient if it falls over in a storm, it grows new roots where it falls! Neanthe can grow in lots of environments, but grows very slowly indoors and very rarely reaches 2m tall.

Care

Light: indirect, medium to bright sunlight

Water: water about once a week. Keep soil moist, but not too wet.

Pets

Neanthe are non-toxic and safe for pets!.
